

VISITING OUR VENUE FOR A SHOW ROUND

We're really looking forward to welcoming you to our venue.

For everyone's safety and to make you feel comfortable during your visit:

- Please let our team know whether anyone planning on attending a show round is showing COVID-19 symptoms or has been asked to self-isolate before going ahead with your show round.
- We can only show a maximum of 2 people around at a time. It will just be you and your guide for the show round, so you can easily practice social distancing.
- We're not being rude, but we won't be shaking your hand when we meet or say goodbye.
- Your show round guide will be wearing PPE. If you wish to wear gloves and/or a face mask during your visit, please bring your own and dispose of them appropriately after your visit.
- On arrival and before you leave, please use the hand sanitiser provided.

- Our one-way route and open doorways will mean you will have very limited contact with others and any touch surfaces. However, we have increased the frequency of cleaning, so you may see our cleaning teams as you pass through the building.
- Your venue guide has been trained on social distancing and new hygiene measures to help keep your guests safe during their time with us, so feel free to ask any questions during your tour.
- We will send you a digital copy of our brochure after your visit, but we will also leave you a brochure to pick up, although we won't have touched it for 72+hours prior!
- Our venue gets booked up quickly, so if you so wish to make a booking, we ask that all deposit payments are made by card as we are unable to accept cash.

See you soon

Our venue is proud to be part of

THE VENUES COLLECTION
space to meet, space to sleep, space to celebrate
